

Name of Class: Beatrix Potter cookies

Class description:

Who doesn't love Beatrix Potter world and characters?!

Let's learn together how to create these lovely vintage style cookies. I will first guide you through recreating the fading old-looking writing on the background and teach you how to pressure pipe the border and outlining the letter for later flooding. We will then see how to paint Jemima duck on fondant through my watercolor veiling technique with powder colors in alcohol solution and how to complete with a little dusting to tone-down the whole picture.

Please note that only one letter with character will be created during class, but models for the three of them will be provided along with the cookie dough and royal icing recipes.

Techniques:

- Vintage style writing
- Royal icing pressure piped border and run-out letter
- Covering of shaped cookies with fondant
- Painting onto sugar paste through watercolour veiling technique
- Dusting finishing

All supplies included.
