

## Gnomes for All Holidays

How cute are these Gnomes!!!!

Join me in this 3-hour class learning how fun and easy they Gnomes are to make. If time permits, you will be making two ridiculously cute Gnomes to take home.

In class you will be working with Isomalt, heat lamp, torches (yep, I am going to give you a torch) and maybe two molds, but there are NO molds to make the gnomes as they are all hand molded.
